ULTRA-LITE Double Rifle Case

The Sam Monarch Family purchased this ULTRA-LITE Double Rifle Case for the purpose of joining the efforts of our *Kentuckiana Chapter of SCI* and *Americase* in sponsoring youth programs and promoting wildlife conservation and protecting our freedom to hunt. This sturdy 2-Gun Safari Case is like the one Sam, Alice, Tom and Clay have taken around the world to protect their beloved KNIGHT Muzzleloaders from the consequences of airline travel.

Up for auction is this durable AT-2 Gun Safari case for the no-nonsense traveling shooter. Made of .080 thick aluminum, it offers recessed hardware and wheels, 2 pad-lockable eyelets, 2-recessed heavy-duty draw down twist latches, spring-loaded handles, and the Americase luggage restraint system. Internally, the case has 2 storage compartments for bolts, cleaning supplies, optics, etc., and Americase's Santoprene seal keeps out dust, dirt, and moisture. Will hold 2 rifles up to 48" overall length. Built with "scope saver" walls and padding.

Value $550.00 *(including tax & shipping)*
